

Liebe Frau Federer!

Schönen Dank für die Karte, Nachrichten  
und Grüße. Ich denke oft an Sie

schönes Haus mit dem  
herrlichen Blick! Frohe Festtage -  
Also alles Gute und Glückwünsche an

Dear Family and Friends,

It has been a busy year for us and an enjoyable one. We have had lovely opportunities to travel - Orlando, Boston and Düsseldorf, Germany for a family wedding. Erika is still in the Montessori School of Rochester, and is enjoying learning there. She will be four on December 17. She enjoyed meeting Mickey at Disney World and meeting the other half of her family in Germany. She now attends a German Kindergarten on Saturdays for more immersion in the language.

Familie  
Kripp  
Ihre Mary  
CM

Mary is still teaching blissfully at Greece Arcadia High School, and continues her professional involvement through committee work in the New York State Association of Foreign Language Teachers and by sitting on several committees at the State Education Department. She is trying to find balance in her life and reconnect with all the wonderful people who have brought her so much friendship and support over the years.

Developing software solutions for the Macintosh still keeps Tom active. This year has been very busy, a welcome change from a slower 1993. Tom's company now employs 5 full/part time people with another starting in January. Additionally Tom has committed 50% of his time to on-site development at Kodak. Being active volunteering for Montessori school activities, being secretary of the Chili Economic Development Committee work, being president of the Chestnut Homeowners Association and spending quality time with Erika and Mary make for long but fulfilling days.

As you see our letter from 1993 is enclosed. Last year we thought of all of you, wrote our letter, prepared all the envelopes, then set all aside while we made copies of a Christmas picture. Well, the Christmas picture never got made and we never got to the post office to mail you our greetings. So have fun catching up on two years of Myers news.

We wish everyone a wonderful Holiday Season and Peace, Joy and Health in 1995.

The Myers
