Merry Christmas!

Fröhliche Weihnachten!

Happy Holidays!

¡Feliz Navidad!

We hope you are all well and enjoying the hustle and bustle of the season. We wish you great joy and health at this special time of the year and into the new millennium!

We had many unusual happenings in 1999. As you probably know our annual letter never made it out. We wrote it, but we never got it into print. So here it is along with some updates for 2000.

Myers life has been full, busy and happy. We are blessed. In 1999 Erika continued to be in Brownies, play piano, attend German Saturday School and be a successful student at Chestnut Ridge Elementary School. She made her First Communion in May 1999. It was a beautiful day and many friends and family members gathered to celebrate the day with her. In the summer she swam, did gymnastics, soccer camp and 1 week of overnight summer camp at a Ukrainian resort - Soyuzivka.

The Dziuba Family is doing well. Christine and Peter celebrated their 50th Wedding Anniversary on Christmas Day 1998. There was a lovely holiday theme dinner at the Crescent Beach Restaurant to celebrate the occasion with

family and friends. Christine went to Germany for the first time in 8 years to visit her family. Leaving Rochester on an unusually warm November day she was welcomed in Munich by four inches of snow!

Carol and LaVerne celebrated their 50th Wedding Anniversary with their family.

The original honeymoon was in Lake Placid so everyone went there and stayed at the Mirror Lake Inn. The Anniversary Couple stayed in a wonderful adirondack room and paddled around the lake. They stated that Lake Placid had changed a great deal in the last 50 years. They almost did not recognize it. Afterwards the fairy godmother Aunt

Sandi Mazzie took all the nieces to her house on Lake George. On Labor Day there was a special 50th Birthday celebration for Uncle Vinnie Mazzie.

St. Josephat's Church celebrated their 90th anniversary and we joined Christine and Peter at the celebration dinner.

Tom's company, ITA is doing well. The market for Macintosh software development is very much alive and ITA has picked up many Kodak projects. We just released the KODAK PalmPix camera conduit for Macintosh and did the Macintosh and Windows Localization into 6 languages. ITA also finished a cross-platform PhotoShop plug-in that allows creative artists to create the graphics that are used in Kodak products such as Image Magic.

Life is good for us as it is for most people in the USA. We hope the boom economy continues in the new century. We are healthy and content. We enjoy pleasant times with family and friends. We wish you all your hearts' desires at this holiday time. Merry Christmas! Happy 2001! Happy Holidays!
